Crochet with thread to create a mandala, learn the art of attaching crochet to a ring and walk away with a fashion piece that will be the envy of your friends.

1 earring can be done in the 1.5 hour workshop and make the 2nd one at home. Stitch knowledge required: Chain, double crochet and treble. An advantage if you are already familiar with working in the round, but not essential. Pattern written in UK terminology.

Materials required:

Participant to bring

- #20 cotton – the sample is made with metallic thread and I would recommend that, but any #20 thread is suitable.
- 45cm round earring hoops

Teacher will have kits available if you wish to purchase this instead of sourcing your own materials. The kit costs \$15.00 and includes a ball of #20 metallic cotton, and a pair of earring hoops.

- 1.25mm hook
- Needle for sewing in the ends.
